Poggi & Mariani srl : la Storia

Poggi & Mariani srl tra ieri ed oggi

La **POGGI & MARIANI srl** nasce nel 1980 dall'esperienza pluriennale che i due soci fondatori hanno maturato in un piccolo laboratorio sui Navigli Milanesi.

Qui, dove artigianalmente venivano fabbricati oggetti in ottone, col passare del tempo le maniglie conquistavano un ruolo sempre più importante nella produzione grazie alla passione e alla capacità creativa che veniva dedicata nella ricerca di forme, e stili, sempre nuovi e in linea con le esigenze del mercato .

Spostando la produzione dal vecchio laboratorio sui Navigli Milanesi all'attuale sede nella zona industriale di Assago (Milano), si è voluto rispondere alle esigenze di maggiore spazio di lavoro che si erano venute a creare, ma non si è venuti meno alla primitiva mentalità produttiva che vuole in ogni oggetto prodotto, la stessa cura e attenzione nei particolari che solo la sapienza delle mani artigiane possono garantire.

Avvalendosi di fornitori, collaboratori e maestranze fedeli nel tempo, l'azienda ha consolidato un rapporto di piena fiducia con la propria clientela senza nascondere di acquisire dalla stessa, e farne tesoro, suggerimenti e consigli utili perchè frutto di esperienza nel settore e quindi validi ai fini della crescita aziendale . E' infatti un vanto per la **POGGI & MARIANI srl** poter dichiarare che tutti i rapporti instaurati nel tempo sono estremamente collaborativi perchè vanno al di là del puro rapporto commerciale.

Ed è un vanto poter affermare, senza dubbio alcuno, che le maniglie e gli accessori che la **POGGI & MARIANI srl** produce, hanno conquistato un posto di prestigio nelle esposizioni dei migliori show-room di tutto il mondo.

Questo perchè la cura dei particolari, l'attenzione ad ogni minima imperfezione, la raffinata ricerca delle forme, la finitura curatissima e il piacere della sfida, unite ad una serietà insita nelle persone che fanno tutto ciò, conduce solo ad un risultato vicino alla **PERFEZIONE**.

...tutto questo per arredare al meglio ciò che apre sul proprio mondo.

Poggi & Mariani srl: history

Poggi & Mariani srl between the past and the present

POGGI & MARIANI srl, established in 1980, was founded by two partners who had gained many years' experience in their little workshop by the Navigli (waterways in Milan).

Brass items were made by hand. Over the years, the passion and the creativity the partners put into making handles increased the importance of these items and of the production. New shapes and styles, tailored to the needs of the market, were designed.

The company moved from the old workshop by the Navigli to its current location in the industrial estate of Assago (Milan) because the increased production required larger premises. However, every item is still made with the same care and attention to detail which only artisans can provide - although the premises are larger, the partners' working habits have not changed.

*Thanks to reliable suppliers, collaborators and skilled artisans, the company has established a solid, long-lasting relationship based on trust with many customers. It makes no mystery of taking advice from them because customers have experience in the sector and, therefore, can help the company expand. **POGGI & MARIANI srl** can proudly claim that all the relationships established so far are more than simple commercial associations.*

***POGGI & MARIANI srl** are also proud that their handles and accessories always have a place of honour in exhibitions held in the best show-rooms in the world.*

*The attention to detail, the refined search for shapes, the careful manufacturing of items (which are thoroughly inspected to guarantee they are flawless) and the thrill of challenges, combined with the reliability of the people who make the items, can but create items close to **PERFECTION**.*

...open onto your world with the best furnishing.

Poggi & Mariani srl : l'Histoire

Poggi & Mariani srl d'hier à aujourd'hui

La société **POGGI & MARIANI srl** est née en 1980 suite aux années d'expérience acquises par les deux associés dans un petit atelier au cœur du quartier des Navigli Milanais.

Parmi les objets en laiton qui y étaient fabriqués, de manière artisanale, les poignées jouaient, au fil du temps, un rôle de plus en plus important en termes de production, grâce à la passion et à la capacité créatrice qui était consacrée à la recherche de formes et styles, toujours nouveaux et adaptés aux besoins du marché.

La décision de transférer le siège de l'ancien atelier des Navigli Milanais à l'actuel site dans la zone industrielle d'Assago (Milan) dérive de la nécessité d'avoir des locaux plus grands. Ceci sans pour autant renoncer à la philosophie première qui veut, pour chaque objet fabriqué, le soin et l'attention aux détails que seules les mains de l'artisan sont en mesure de garantir.

Grâce à des fournisseurs, des collaborateurs et des ouvriers qui lui ont toujours été fidèles, l'entreprise a établi une relation de confiance avec sa clientèle dont elle puise, et ne s'en cache pas, des suggestions et des conseils précieux, fruits de leur expérience dans le secteur et donc utiles pour la croissance de l'entreprise. **POGGI & MARIANI srl** déclare en effet avec fierté que tous les rapports instaurés au fil du temps sont extrêmement enrichissants parce qu'ils vont au delà du simple rapport commercial.

Et sans aucun doute, les poignées et les accessoires que la société **POGGI & MARIANI srl** fabrique, se sont octroyés une place de choix au sein des surfaces d'exposition des meilleurs show-rooms du monde entier.

Ceci parce que le soin des détails, l'attention à la moindre imperfection, la recherche raffinée des formes, les finitions particulièrement soignées et le plaisir du défi, alliés au sérieux caractérisant les personnes qui font tout ceci, amène forcément à un résultat proche de la **PERFECTION**.

...tout cela pour meubler au mieux ce qui ouvre sur le monde de chacun.

Poggi e Mariani srl : die Geschichte

Poggi e Mariani srl gestern und heute

*Die **POGGI & MARIANI srl** geht 1980 aus der jahrelangen Erfahrung hervor, die die beiden Gründungsmitglieder in einer kleinen Werkstatt an den Mailänder Kanälen gesammelt haben.*

Hier, wo handwerklich Messinggegenstände hergestellt wurden, spielten die Klinken im Laufe der Zeit dank der Passion und der Kreativität bei der Suche nach immer neuen Formen und Stilen, die den Marktanforderungen entsprachen, eine immer wichtigere Rolle in der Produktion.

Mit der Verlegung der alten Werkstatt an den Mailänder Kanälen zur heutigen Niederlassung im Industriegebiet von Assago (Mailand) sollte den entstandenen Ansprüchen an mehr Raum zum Arbeiten entsprochen werden, doch dabei ging die primitive Produktionsmentalität nicht verloren, die in jedem hergestellten Gegenstand dieselbe Aufmerksamkeit und Sorgfalt fordert, die nur das Geschick der Handwerkerhände garantieren kann.

*Indem es auf Zulieferer, Mitarbeiter und eine Belegschaft zurückgriff, die ihm auf lange Zeit die Treue erwiesen, hat das Unternehmen eine Beziehung des vollen Vertrauens mit ihren Kunden geschaffen, ohne zu verbergen und dies wie einen Schatz zu hüten, dass sie von diesen nützliche Vorschläge und Rat annahm, da diese Ergebnis der Erfahrung im Sektor sind und daher dem Unternehmenswachstum zuträglich. Und in der Tat kann sich **POGGI & MARIANI srl** des Verdienstes rühmen, dass alle im Laufe der Zeit gewachsenen Beziehungen extrem auf Zusammenarbeit beruhen, da sie über die reine Verkaufsbeziehung hinausgehen.*

*Und es ist ein Verdienst, ohne jeglichen Zweifel bestätigen zu können, dass die Klinken und Zubehörteile, die **POGGI & MARIANI srl** herstellt, sich einen namhaften Platz bei den Ausstellungen der besten Messen in aller Welt erobert haben.*

*Dies, weil die Sorgfalt im Detail, die Aufmerksamkeit hinsichtlich jeglicher Unvollkommenheiten, die erlesene Suche der Formen, die feine Endbearbeitung und die Freude an der Herausforderung zusammen mit einer Seriosität, die den Personen eigen ist, die für all dies zuständig sind, nur zu einem Ergebnis führen kann, dass nahe an der **PERFEKTION** liegt.*

...all dies, um das besser einzurichten, was in unsere Welt führt.

Poggi e Mariani srl: تاريخ الشركة Poggi e Mariani srl بين الماضي والحاضر

أنشئت شركة بوجي ومارياني ذ.م.م "Poggi e Mariani srl" في عام 1980 نتيجة للخبرة الواسعة والطويلة التي اكتسبها الشريكان المؤسسان في ورشة صغيرة في Navigli Milanesi.

هنا حيث يتم تصنيع المنتجات النحاسية حرفياً، أصبحت المقابض تكتسب دوراً يزداد أهمية من الناحية الإنتاجية بمرور الزمن، وذلك بفضل الحماس الشديد والقدرة الإبداعية العالية التي تم تكريسها لأبحاث الأشكال والقوالب والأنماط المتجددة دائماً والتي تتماشى مع احتياجات السوق.

بانتهاء العمل والإنتاج من الورشة القديمة في Navigli Milanesi للمقر الحالي بالمنطقة الصناعية في Assago بميلانو، أصبح الهدف هو تلبية احتياجات جديدة على مساحة أكبر من العمل، ولم يقلل ذلك أبداً من العقلية الإنتاجية الأصلية التي تظهر في كل قطعة من المنتجات، وإنما أعطى نفس الاهتمام والعناية بالتفاصيل للتصنيع الذي تضمنه فقط معرفة وإدراك الأيدي الحرفية الخبيرة.

وبالاستعانة بالموردين والمعاونين والعمالة الماهرة المخصصة على مر الزمن، استطاعت الشركة تدعيم وتوطيد علاقة الثقة مع عملائها بدون إخفاء الاستفادة منهم في تكوين كنز من المقترحات والنصائح المفيدة لتكون ثمرة الخبرة في المجال وتصبح نواة صالحة لنمو الشركة. وإبه في الواقع لفخر كبير لشركة Poggi e Mariani srl أن تعلن أن جميع علاقاتها المقامة على مر الزمن قوية وتعاونية لأقصى حيث أنها فاقت العلاقة التجارية الاعتيادية لما هو أبعد من ذلك.

Poggi e Mariani srl : 历史

Poggi e Mariani srl的昨天与今日

POGGI & MARIANI SRL有限公司诞生于1980年，两名合伙创建人在一间位于米兰运河旁的小作坊内经过多年经验的积累，最终创立了这家公司。

在这里，手工制作黄铜质地的物件，随着时间的推移，在生产中把手越来越占据了重要的角色，这主要由于在对其款式的研究中倾注了高度的热情和富有创造力的才能，不断更新风格，始终与市场需求保持一致。

将生产空间从米兰运河上的老作坊迁到现在位于米兰Assago的工业区内，主要是为了满足公司发展对工作空间扩大的需求，但与此同时，仍旧保持了初始的生产心态，即要在每一件产品中都对任何细节施予同样的精心与关注，这只有手工匠们拥有的智慧能够予以保障。

随着时间的推移，公司逐渐拥有了忠实的供货商、合作者和员工，同其客户之间也建立了稳固的完全信任的关系并且毫不掩饰这种信任，对有益的提议与建议倍加珍惜，因为这些都是在该领域内多年经验的成果，因此，对企业的成长极具价值。的确，这也是POGGI & MARIANI SRL公司值得骄傲的一点，它可以证明，所有多年来建立的关系都具有高度的协作性，因为已经超越了单纯的商业关系。

另一值得骄傲的是，可以毫无疑问地肯定，POGGI & MARIANI SRL公司生产的把手和附件产品在全世界最佳陈列室的展示中赢得了最具威望的席位。

这是因为，对细节的精心处理，对每一个细微瑕疵的注意，对款式的精细研究，极为细致的精饰和对挑战的欣然接受，都与从事这项工作的人员固有的严谨性结合在一起，由此，只会走向一个结果，就是接近完美。

...所有这些均为更好地装饰
向自己的世界敞开的空间。
